SWITCH 2022

The Singapore Week of Innovation and Technology (SWITCH) brings together leaders, entrepreneurs, creators, accelerators, and investors from the Global-Asia innovation ecosystem.

Through the open exchange of new ideas, networking opportunities and a line-up of innovation-centric activities, SWITCH provides a global platform to catalyse meaningful collaboration between different fields and markets. The focus industries include healthcare & biomedical sciences, smart cities & urban solutions, trade & connectivity, and emerging sustainable technologies.

In its seventh edition in 2022, SWITCH will return as a full in-person conference, featuring various innovation programmes including the SLINGSHOT Startup Pitching Competition, a Sectoral Thought Leadership Stage, Market Access Sessions as well as Industry Exhibition Showcases and Roundtable sessions. SWITCH is jointly organised by Enterprise Singapore and MP Singapore, and supported by the National Research Foundation.

The SWITCH Experience

The SWITCH Experience features two components: a Year-long Programme of innovation-centric community events and opportunities starting from July 2022, as well as our signature Flagship Event from 25–28 October 2022 at Resorts World Convention Centre, Singapore.

FLAGSHIP

The programme features a flagship hybrid conference and exhibition that brings together start-ups, SMEs, MNCs, investors, research institutes, multipliers and government organization.

YEAR-LONG INNOVATION PROGRAMME

Year-long innovation through a series of webinars that share knowledge, corporate programmes as well as year-round networking opportunities for the global innovation system.

SWITCH FLAGSHIP EVENT

Held in Singapore from 25–28 October at Resorts World Convention Centre, the Flagship Event features 3 tracks that are curated to showcase exciting frontier technologies and opportunities for collaboration.

SWITCH BEYOND

Industry Conference

Hear from the brightest minds at our thought leadership conferences, which feature sharing sessions uncovering innovation opportunities in Asia and industry trends brought to attention and accelerated by the global pandemic.

Conferences will span across three days, deep diving into topics such as Healthcare & Biomedical, Urban Solutions, Trade & Connectivity, and Future of Enterprise, on the back of increasing demands for health and wellness, supply chain innovation, and green partnerships.

SWITCH GLOBAL

Market Access Conference

Connect with business leaders from more than 15 markets to discuss latest tech trends and opportunities for global collaboration, including leveraging Singapore as the connecting node to expand into the region.

Interact with changemakers at our exhibition trade floor and glean insights from market leaders and local industry experts at our market access sessions and global pavilion.

SLINGSHOT 2022

Global Pitching Competition

Catch the finals of Asia's premier deep tech startup pitching competition! Watch the top 50 global startups pitch to an audience of major investors and industry leaders to vie for top prize at the grand finals.

EVENTS

OUR PARTNERS

The background of the slide features a large, abstract graphic composed of overlapping triangles in shades of red, orange, and purple. In the lower right quadrant, there is a photograph of a man with blonde hair, wearing a dark blue suit and a white shirt, speaking into a microphone. He is wearing a lanyard with a badge. In the foreground, the back of a person's head and shoulders are visible, looking towards the speaker. The background of the photograph shows a blurred city skyline with many skyscrapers.
